# ABOUT EDEN DANCE

---

Eden Dance is a social studio based in Salt Rock's Eden Village.

Our aim is to use dance to help children develop their gross motor skills, core strength and co-ordination.

By creating a safe and creative environment we facilitate positive social interaction between children, the building of self-confidence, we introduce expression through movement and allow children to have fun!

# ABOUT ME

---

## MY STORY

I have trained as a dancer for 20 years. I have learnt various styles over those years, namely; modern, ballet, contemporary, hip hop, street jazz, musical theatre, african contemporary and freestyle.

I have had the pleasure of dancing locally and internationally both as a professional and as a student.

I have learnt the many benefits of dance throughout the years and look forward to sharing these benefits with you and your children.
